DETAILED ACTION

1. Claims 1-30 have been presented for reconsideration based on Applicant's Amended claim language and arguments.

Response to Amendment

2. The reply filed on 1-26-2005 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant has failed to provide a statement that the newly submitted replacement specification contains no new matter, *see MPEP 608.01(q) and 37 CFR 1.125*. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

2.1 It is respectfully submitted that Applicant review the following;

PATENT RULES

Section 1.125 Substitute specification.

(b) Subject to § 1.312, a substitute specification, excluding the claims, may be filed at any point up to payment of the issue fee if it is accompanied by a statement that the substitute specification includes no new matter.

2.2 The substitute specification filed 1-26-2005 has not been entered because it does not conform to 37 CFR 1.125(b) and (c) because: the Applicant failed to provide a statement that the newly submitted replacement specification contains no new matter.

Information Disclosure Statement

3. Regarding Applicants request that the Examiner acknowledge the Information Disclosure Statement filed on June 14th 2004.

3.1 The Examiner has carefully reviewed the Information File Wrapper and discovered that the form PTO-1449 for the June 14th 2004 submission by the Applicant is missing. The Examiner notes that the United States Patent Office has recently converted over to an Electronic File Wrapper and that, on occasion, certain documents fail to be scanned or inserted into the prosecution record. The Examiner respectfully requests that the Applicant include an additional copy of the PTO-1449 that was originally provided with the June 14th 2004 IDS submission.
